PROGRAM OVERVIEW

The Creating Hope and Opportunity for Our Students' Education Act of 2024 (The CHOOSE Act) is administered by the Alabama Department of Revenue (ALDOR). The CHOOSE Act Program makes refundable income tax credits called **education savings accounts** (ESAs) available to support the success of eligible K-12 students in Alabama.

An ESA can be used to pay for tuition, fees, and other qualified education expenses through approved Education Service Providers (ESPs) in Alabama.

ALDOR has contracted with ClassWallet for programmatic support and to coordinate the distribution of funds to participating families.

Using ClassWallet's Digital Wallet platform, parents can use their student's ESA to pay for approved educational purchases and expenses.

ESA ANNUAL AMOUNTS

- **\$7,000 per participating student who is enrolled in a participating school**
- **\$2,000 per participating student who is participating in a home education program** (this includes an individual or group program, homeschool, co-op, etc., and is capped at \$4,000 per family)

Important Notes:

- All payments and purchases using ESA funds must be made through the ClassWallet platform. **There is no reimbursement to families.**
- **If the student leaves or is removed from the program, any remaining funds will be returned to ALDOR.**

2025-2026 SCHOOL YEAR:

For students enrolled in a participating school:

- **\$7,000 will be deposited beginning July 1, 2025**

For students who are participating in a home education program (this includes an individual or group program, homeschool, co-op, etc.):

- **\$2,000 will be deposited beginning July 1, 2025, and is capped at \$4,000 per family**

Important Note:

Participating families will be given the opportunity to renew their student's ESA at the end of each school year. More information on the renewal process for the 2026-2027 school year will be provided in early 2026.

PROGRAM ELIGIBILITY

To be eligible for the 2025-2026 school year, the student must be in grades K-12 and:

- Be a resident of Alabama
- Have a household income that does not exceed 300 percent of the federal poverty for the 2024-2025 tax year

Persons in Family/Household	2024 Federal Poverty Guideline	300% of Federal Poverty Guideline
1	\$15,060	\$45,180
2	\$20,440	\$61,320
3	\$25,820	\$77,460
4	\$31,200	\$93,600
5	\$36,580	\$109,740
6	\$41,960	\$125,880
7	\$47,340	\$142,020
8	\$52,720	\$158,160

For families/households with more than 8 persons, add \$5,380 for each additional person.

Important Notes:

The program provides \$100 million in ESAs for the 2025-2026 school year and the first 500 ESAs are reserved for students with special needs.

In addition, priority is given to participating students and siblings of participating students, as well as students who are dependents of active-duty service members who are enrolled in or assigned to a priority school. A priority school is defined as a public K-12 school that received a grade of "D" or "F" on its most recent Alabama Department of Education school report card. See the complete list of priority schools [here](#).

To be eligible as a kindergartener, the student must turn 5 by September 1, 2025.

USING ESA FUNDS THROUGH CLASSWALLET

After the student's application is approved, a digital wallet account will be created within the ClassWallet platform.

After approval, participants will receive a Welcome Email from ClassWallet with instructions on accessing their account along with other helpful resources.

ACCESSING ESA FUNDS FOR MULTIPLE STUDENTS:

If a family has multiple students participating in the program, each student will receive a digital wallet account. The parent/guardian can switch between accounts within the ClassWallet platform.

Keep in mind that each participating student's ESA is an individual ESA account and funds should only be used for that student's educational expenses.

From the ClassWallet homepage, click on the small arrow (pointing down) in the upper right-hand corner of the application, next to where it says "Welcome." Step-by-step instructions are available [here](#).

ACCEPTING THE AFFIDAVIT:

Participants will be required to accept The CHOOSE Act Program Affidavit before receiving access to the funds.

The link to this affidavit will be available in the "Balance" tile once the account is funded and gives an overview of participant responsibilities.

AFFIDAVIT OPTIONS:

- **Accept** – The account balance will be visible and funds immediately available for use. Keep in mind that the affidavit will not be visible until the account is funded.
- **Skip For Now** – The account will be visible, but the balance will be \$0. The affidavit must be accepted in order to view balance and use funds.
- **Reject** – Decline and withdraw from the program. If "Reject" is accidentally selected, contact the ClassWallet Customer Support Team to reset.

Important Notes:

- The affidavit will not be visible until the account is funded.
- **If there is more than one participating student in a family, the affidavit will need to be accepted for each student.**
- If the affidavit is accidentally rejected, contact the ClassWallet Customer Support Team to reset the affidavit selection.

EDUCATION SERVICE PROVIDERS

Education Service Providers (ESPs) are individuals or organizations approved by ALDOR to provide educational goods and services to participating families.

ALDOR has developed an application process for ESP participation. This application is available year-round [here](#) and, by state law, all ESPs must agree to adhere to the attestation found in the ESP application.

A private tutor must have a Bachelor's degree or state certification to be approved as an ESP. Educational therapists must have a valid license in the therapy they provide. Both private tutors and educational therapists must have a completed background check. Documentation must be submitted at the time of application.

Important Notes:

- Once approved by ALDOR, the ESP must register with ClassWallet to begin receiving payments from participating families.
- **All approved ESPs are visible to participants within the ClassWallet platform. The list is also publicly available on The CHOOSE Act Program [website](#).**
- **The parent is responsible for selecting the ESP.** It is the responsibility of the parent to measure the overall effectiveness of a provider for each individual student.
- Participating families are responsible for any costs associated with their student's education over and above the ESA.
- The parent of a participating student cannot receive payment for services or products provided to such student in their capacity as an education service provider.
